To All Surrounding Neighbors of 706 Mission Street, San Francisco, CA

Subject: 706 Mission Street, The Mexican Museum
706 Mission Street
San Francisco, CA 94103

Regarding: Night Work from June 29th, 2020 through July 05th, 2020.

Dear Neighbors,

Webcor Builders is requesting the approval of a special Night Noise permit from the San Francisco Department of Building Inspection.

This request is for the extended hours of 5am to 7am & 8pm to 10pm, from Monday June 29th, through Sunday July 05th, installing curtainwall at the 706 Mission Jobsite.

Please refer to the project website (706Mission.com) for the 3 week look ahead schedule. Throughout this period we will be installing curtainwall at the North-East corner of the building.

During off hours, trailers carrying steel reinforcement bars will stage within the jobsite. Trailers will enter and exit the site periodically. The trailers will be staged at the south west side of the project inside the Mission St. gate. Noise from handling tools, welding and cutting equipment and loud conversations will be held to a minimum. High impact tools such as jack hammers will not be used. Vehicles requiring back up alarms will be provided with "Broadband alarms" during off hours.

Webcor Builders will do our best to avoid any disturbances and keep noise to a minimum during this time.

If you have any questions, please do not hesitate to contact us at the phone number listed below.

Thank You,
Webcor Builders
